## Participation certificate

We confirm that you have participated in the survey for tumor markers group 2 in serum.

The analytes determined by you are as follows:

Chromogranine A (2)

Three handwritten signatures in blue ink. The first signature is partially obscured and appears to be 'Krajská nemocnice T. Bati'. The second signature is 'A. Kessler' and the third is 'M. Ende'.

The number in parentheses characterizes the analytical method used.

The assignment of the number to the respective method and/or the respective instrument is to be taken from the total evaluation.
